

IPAD5/ IPAD AIR & IPAD MINI 4 GENIUS BOOK STAND VOLTE-TEL CASE

Made out of high quality PU leather and very durable plastic on the exterior and soft microfiber lining on the interior, the **GENIUS BOOK STAND** is **VOLTE-TEL's** newest suggestion for the Ipad Air & Ipad mini in 4 different colors. The case's unique design allows easy access to all ports, control keys and cameras without removing it. It is especially designed to work alongside the Ipad's screen, which activates when the case is open and sleeps when the case is closed. It fully protects your Ipad from bumps, scratches and dust, while the stand function has dual purpose; keeping the Ipad in the ideal position for easier movie watching or presentations and making typing easier.
