

LIME SUCCESSORIES 3 SOCKET POWER STRIP WITH POWER SWITCH AND CHILD SAFETY 1.5m AND 3.0m

Protect your electrical devices and improve their performance with the new power strip line from **LIME SUCCESSORIES**.

Made by **non-flammable material** with **gold plated contacts** and **IP20 safety rating**.

This power strip bears 3 safety sockets for your power appliances.

The power sockets are mounted on the strip chassis with a **45 degree angle** so you can use **all of them simultaneously even with 90 degree angled power plugs**

The new **LIME SUCCESSORIES** power strips line comes with the **most important child safety**.

Another important feature of the new LIME SUCCESSORIES power strips line is the practical **ON/OFF power switch** with illumination.

The special design of the power sockets makes the power strip **safe to be used at a home with children and at the same time keeps dust away from any unoperated sockets**.

The strips come with a **1,5m and 3,0m** power cord in white colour and they bear **special slots for easy wall mounting**.

Technical Characteristics:

- **Power Input: 16A**
- Maximum Load: 3680W
- Power Socket Number: 3
- **Child Safety**
- **Power Switch**
- **Safety Rating: IP20**
- **With special slots for wall mounting**
- **Made by non-flammable material**
- Power cord: 1,5m and 3,0m
- Special Packaging
- Maximum Continuous Operating Voltage: **(AC 300) (DC 385)**
- Varistor Voltage @1mA DC: **(Min. 437) (Max. 508)**
- Voltage Clamping Ration @6kV/3kA: **(2.2)**
- Maximum Peak Current 8/20µs: **(1 Time: 8) (2 Times: 6)**
- Maximum Energy (8/20µs) Reference: **350**

**CERTIFICATION CE VDE 0620-1:2016
